Neel

Neel is an artist with an impeccable and unrivaled skill whether producing in the studio, DJing or playing live around the world. His considered output fuses rhythm and texture with techno and ambience in hugely captivating ways, setting new standards through his releases.

His music on labels like Token Records, Spazio Disponibile and Spectrum Spools only confirm the class of his sound. This is also confirmed through his immersive AV shows, his captivating DJ sets and his solo live techno shows.

The long time collaboration with Donato Dozzy, starting off with them performing and recording as Voices From The Lake, has evolved into them co-running the Spazio Disponibile label. Same time, Neel is also known for being the mastermind behind Enisslab Studio, a mastering and mixing studio which is a go-to place for many, if not most, contemporary techno labels.

Neel is a true modern day techno craftsman who can do surreal and unusual things with sound in truly unique ways as both a DJ and live performer.
