Orpheu The Wizard has a magic touch at finding records that fall between the gaps in music - oddities, curios, the weird, the wonderful. But that's just half the trick. It takes a sensitive and selective ear to construct a coherent, accessible narrative from them. So you get DJs who can play for the crowd and "selectors" adept at mining the black gold. In Orpheu, you've got someone who can do both. On a festival main stage, he can keep it weird enough for the heads. In a connoisseurs' setting, he'll keep the flow.
